# 2020 CENSUS IS COMING...

# **Everyone Counts.**

Every ten years, the U.S Census counts every person across the country. Your response helps shape many different aspects of your community, including health clinics, fire departments, schools, even roads and highways.

The next Census is in Spring 2020. Let's ensure our community is counted so we can put these resources to good use here at home!

#### **UPLIFTING OUR NEIGHBORHOODS**

Census data will determine the allocation of \$675 billion in federal funds to:

- √ Improve local schools
- Enhance streets and roads
- Build affordable housing
- ✓ Fund childcare and social assistance programs

#### **COMMUNITY WELLNESS**

The 2020 Census will ensure the health and wellness of our families and neighborhoods. By filling out the form, your data helps:

- ✓ Determine where new hospitals are built
- √ Improve health services
- ✓ Increase jobs
- ✓ Create business opportunities

#### A VOICE FOR CALIFORNIA

The 2020 Census will determine the number of representatives California has in the U.S. House of Representatives and the number of votes we have in the Electoral College. It will also be used to redraw State Assembly and Senate boundaries.

#### SAFE & CONFIDENTIAL

Information collected during the 2020 Census can't be shared or used against you in any way. Your information is only used to generate statistics. It will not be shared with immigration or law enforcement agencies, and it cannot be used to determine your eligibility for government benefits.

#### EARN EXTRA INCOME AND SUPPORT YOUR COMMUNITY

The U.S. Census Bureau is recruiting for various positions to assist with the 2020 Census count. Positions provide excellent pay, flexible hours, paid training, and are close to home. Learn more and apply online at 2020census.gov/jobs.

#### **HOW CAN I RESPOND?**

Invitations to complete the census questionnaire will be mailed in March 2020. For the first time, the U.S. Census Bureau will accept responses online, but you can still respond by phone or mail if you prefer. Be sure to complete your census form by April 30, 2020. To learn more about the 2020 Census, please visit 2020census.gov.

The City of Corona continually strives to improve recycling efforts. We are asking the community to join us. Recycle your bottles and cans instead of throwing them in the trash.

Look for the Big Belly trash and recycling cans at your local parks, facilities, and even at the entrance of the Skyline Trail. Take advantage of these waste receptacles that use solar energy to compact trash! These bins can be found at city facilities and parks. They are provided through a Beverage Container Recycling Grant funded by Cal Recycle.

Meet Cal and Cali, they are your local recycling buddies. You might find them in your local elementary school or at community events. Cal and Cali are here to encourage young children to start recycling. The goal is to have them start at school and bring this practice home.

No more than two signs are allowed on the sale premises, and no more than two additional signs off premises. Be sure to get permission from the property owners where signs are placed. Do not place signs on utility poles, light poles, utility boxes, stop signs, or mail boxes, and don't forget to remove your signs after. Failure to do so may result in a citation. When applying for a permit, be sure to list the personal items that you will be selling and post your permit on the premises of the sale while in progress. You can purchase a

permit in person by visiting City Hall (400 S. Vicentia Ave.) or online by visiting www. CoronaCA.gov/Permits. To report an illegal garage sale after hours or on weekends or holidays, please contact the Police Department at (951) 736-2330. Good luck with your sale!

#### Have you heard about Quick Response Code Stickers

The Vial of Life is an emergency preparedness program that allows citizens to compile personal information and have it readily available for 9-1-1 responders in the event of an emergency. The Vial looks like a prescription pill bottle, but contains an individual's health information including the name

and contact information of a primary medical provider, existing health conditions, allergies, and medications. Once completed, the sheet is placed in the Vial and stored on the top shelf of your refrigerator door. A magnet, provided with the Vial, is placed on the upper right corner of the refrigerator to alert emergency personnel that the household participates in the program.

The Vial of Life program is now augmented with Quick Response (QR) code stickers. These QR codes are scannable with any smartphone and can give firefighters instant access to your medical profile. To take advantage of this helpful program, pick up your personal QR code sticker packs and Vial of Life at any Corona Fire Station or Corona Fire Headquarters. Each kit comes with 4 vinyl stickers, all with the same ID and PIN to be used to access one profile. Then, go to www.GetMyID.com and click on Sign Up to create a MyID profile, an online medical profile that can be accessed anywhere. Many use it to manage personal medical information and clearly communicate important information to health care providers. MyID profiles are free, and you can add as many as you want. Make an account for yourself, your senior parents, and/ or your children. Finally, use the ID and PIN found on your stickers to link your personal stickers to your MyID profile.

This could help save your life, or the life of someone you love! For more information go to www.CoronaCA.gov/Fire.
